## How to get your Criminal Record Check (CRC)

### Two options:

- There is a new **eCRC system** that uses your BC Services Card to verify your identity.
  - If the applicant is using the BC Services Card to access the online service for the first time, they will be directed to activate their card by video or in person through Service BC. Please note if applicants choose to activate their card in person, a mobile device is still required (iPhone, iPad, or Android).
  - **Cost:** There is no charge associated with activating a BC Services Card and the criminal record check fee (if applicable) has not changed.
