

The WIELERS @CASA DE LUZ

Contact us: joe@casadeluzmexico.com karlena@casadeluzmexico.com

Hello Family and Friends,

First off, we want to thank you all for your prayers, words and messages of encouragement, and financial support for our work here in Primo Tapia, Mexico. We feel so privileged to have a front seat to seeing all that God is doing here in the lives of the moms, youth and children of Casa de Luz, as well as the staff. We couldn't do it without your faithful support.

November was a busier month here and we hosted a missions team from Greendale MB in Chilliwack. Once Abigail's school work was completed each day, she was eager to head over to Casa de Luz and take part in the VBS activities with the team. The team accomplished a lot of work projects with Joe during their time here. They stucco'd, painted, relocated the Buen Taco/K47 cafe dumpster (for the future warehouse) and built a construction fence, also for the warehouse.

Joe was reacquainted with some old friends on this team that he had not seen since highschool. This team was also very gracious - after picking them up from the border and a Tijuana Costco run, they got lost - like really lost. Later on, Joe realized that he had left the "avoid tolls" filter on his google map from a trip to San Diego, which explained why it was rerouting him away from Primo Tapia.

Keep reading to see more of our November highlights.

Thanks again for your support.

Love,
Joe, Karlena, Josh, Kaleb, Elijah & Abigail

Moms and Teens Dinner

Greendale Church put on a wonderful dinner for the teens and their parents. Kaleb and I had the opportunity to attend to eat a delicious pasta meal, play some fun games, and sing some songs with other teens and their moms.

Mexican Revolution Day

November 20 is a holiday here in Mexico commemorating the start of the 1910 revolution. We took part in the celebrations by attending the parade of the school children, and activities at Casa de Luz.

This month, Abigail added gymnastics to her weekly schedule, as well as continuing with worship dance. There is a gymnastics club just down the road and a few girls from church and Casa de Luz also attend. It has been an opportunity for Karlana to meet a few other moms, build relationships and keep working on her Spanish language skills.

The Boys - Update

In September, Josh started taking electric guitar lesson from his old teacher in Abbotsford. Technology is amazing for this! He has been using these skills to occasionally play on the worship team at church on Sundays.

Kaleb and Josh, as part of the seniors of La Ola youth group, have had a great opportunity to attend a weekly Bible study this fall, learning more about the character of God. This study is lead by a young married couple that were YWAM leaders for many years. This group also goes to a local orphanage each week to help run the Alpha program for the teens there.

It came as no surprise to us that Kaleb has had the easiest time acquiring Spanish language skills. He's the kid who can (for good or bad) listen to a song and know the lyrics after one listen. So, he is able to quite easily communicate with the people around us, and we are often looking to him for our translation needs!

American Thanksgiving

A benefit to living in Mexico is that many of people here celebrate American Thanksgiving. We enjoyed a wonderful ham dinner with Ara, Marcos and their 3 boys.
